The committee also recommends that a Convention be held at Louisville Kentucky on September 3d to take such steps as may be deemed prudent and essential

There are some startling things revealed in the flat stone on the sidewalks It is quite common to notice a fragment of stone imbedded in another totally different where it has been detained a prisoner perhaps a million of years That fragment is far older than the mass which holds it It refers to a time in chronology when that bit was fractured and broken off from a larger piece by violence Perhaps it fell in plastic mud, which in the process of ages beyond computation in our sphere of limited knowledge became stone [illegible] Cycles upon cycles then sped their way toward eternity and human beings [illegible] [illegible] may be seen by simply looking at the flags as we walk [illegible] the trottoir

Ex Vice President Breckinridge, who was in town yesterday, expressed himself in favor of Greeley

DETROIT, July 11 —The *Post* of this morning, editorially says the Baltimore Convention, by its false practices, false statements and false promises, has attempted to sell and hopes to deliver to one branch of the Republican party the entire voting masses and organs of the Democratic party, under the pretext of reform It says the only hope for the future of the country lies in the defeat of Greeley, and to that end it will labor It speaks of an utter want of principle and honesty and urges every honest Democrat to oppose him

SANTA ROSA July 11 —The County Court has been in session all the week The following persons were tried and convicted Ned Wilson grand larceny A J Stow alias Stone, bigamy Henry Hazlett, grand larceny, Charley-John, a Chinaman perjury, and two other heathens for assault with intent to kill This afternoon J L Houx, a notorious highwayman and murderer was brought into court upon two indictments issued from Mendocino county. The District Attorney announced that owing to the want of evidence sufficient to convict he would therefore move that the case be dismissed The prisoner was therefore discharged from custody This man is the recognized leader of a gang of villains who have been engaged in robbing stages in this and adjoining counties for years past and was one of the party who robbed the Cloverdale stage and murdered the young man Benton in this county some eight months ago He, with others, was indicted shortly after their arrest, but he, coward like, turned State's evidence on the others and saved himself from the penitentiary Three of the gang, Andrew alias Big Foot John, and Tody Brown, are serving out long terms at San Quentin, but the deepest died villain of them all John Houx, is at large again

SAN JOSE, July 11.—The Board of Equalization commenced its sittings yesterday The first petitions for a reduction of assessment were from the S P and C P R R Companies

Mr Parsons, a city teamster, met with a serious accident to day in emptying a load of dirt into a hole on a bridge, the breast bone being broken by a sudden descent of the wagon into the hole The horses got frightened and Parsons was thrown to the ground, the wheel passing over his arm, close to the shoulder

A mass meeting is being held to night Tar barrels are blazing and a band of music is playing and considerable interest is manifested in the proceedings A large crowd is present Dr A J Spencer, an old line Republican was called to preside and after a few remarks, introduced Judge C H Sinter, another old line Republican He was followed by David Hobson and Hon C T Ryland, who closed with a few remarks and declarations of Greeleyism Senator McClay was then called and occupied the stand twenty minutes with a very lively and enthusiastic speech, E N Swarthout, Dr Spencer and Thos Bradley followed in a few pointed remarks, when the meeting adjourned

BAKERSFIELD, Cal, July 11 —A Greeley Brown ratification meeting was held here to night A Greeley Club was formed, 100 guns fired and the town illuminated with bonfires

UTAH

SALT LAKE, July 11.—The greatest body of ore ever discovered has recently been located by two men from Illinois named McHenry and Hughes, in Wasatch range, seven miles south of Kimball's hotel, Parley's Park, and twenty five miles from Echo, on the Central Pacific Railroad. The ledge crops out seventy feet, with an average width of 400. Numerous assays show a yield in silver of $250 to $1,100 per ton of perfectly free milling ore Visitors estimate the rock in sight to be over 20,000 tons, valued at over $5,000,000. Old mining experts and prospectors are greatly excited

A dispatch from Pioche says Perry Fuller, a sporting character, to-day shot a woman he had been living with in the arm and abdomen.

Horace White on Horace Greeley

As Horace White, of the Chicago *Tribune*, is now one of the principal supporters of Mr. Greeley for the Presidency, it may be interesting to recall Mr. White's opinion of his friend as published in 1866

"Horace Greeley is not a man now, and he never has been, a man who ought to be trusted with an official position requiring practical wisdom, ordinary statesmanship, or firm, consistent action. For twenty-five years he has been a marplot in council, an unreliable commander in action, a misanthrope in victory, and a riotous disorganizer in defeat He has always been fanatical in his demands for the extremest measures and when the party has reached the eve of triumph invariably thrusts himself forward as a negotiator of terms of surrender to the enemy His course during the war was but a repetition of his course in politics In 1861, he was an open defender of secession he changed to a vigorous champion of the war and thereafter was forever recklessly making proposals for peace and as recklessly withdrawing them—making war in spite of Mars, and negotiating in spite of Minerva

For twenty years he has been an uncompromising advocate for a square fight with the pro slavery party, and when that kind of a fight was forced upon the Republicans in 1860, he was here in Chicago, voting not for Lincoln nor for Chase, but for old Edward Bates of Missouri one of the fossils of the slave party He was then the associate and co laborer of that other impracticable and unreliable squad—the Blair family The country at this time wants no inspired harlequins in the national councils Still less does it want men with statesmanship so microscopic that they can see nothing in public business but the mileage and per diem of their fellow members If Mr Greeley is not satisfied with his position as a journalist -a position which ought to be equal in point of influence, power and dignity of six average Senators—and if the Republicans of New York want to do something for him let them make him Post Office Inspector or even Governor, anything that will not make the out-side of the State responsible for his follies

WHY SOME DEMOCRATS FAVOR GREELEY — The Dover *Democrat* an old style Democratic journal has been giving the plain English of the meaning of the Democratic support of Greeley It recently said

In plain English certain members of Congress whose re election have been rendered doubtful by the redistricting of their States, suppose they may make politically by a fusion with Liberal Republicans and thereby secure a re election They don't care about Greeley nor the success of the Democratic party outside of their own district They want to be returned to Congress and are willing to do anything to secure that result Others want to be Governors and legislators while an innumerable [illegible] any positions they can get and hurrah for Greeley because they imagine he may possibly be nominated at Baltimore and they wish to be numbered among his early friends of which he will be duly reminded if elected

A lazy man is a curse anywhere An idler in the vineyard is more worthless than the dumb stones beneath our feet for on these rocks we might climb to gather purple clusters Ignorance that seeks to grow wise, weakness that struggles for the mastery sinfulness that longs after righteousness—these things can be tolerated But ignorance that is satisfied with its nothingness sluggishness indifference half heartedness tardiness soullessness are unpardonable sins

A grand buffalo hunt was proposed for an attraction at Niagara Falls this summer, but the animals that were to be hunted all died before they reached the happy hunting grounds at the falls

The Return of the Bourbons

From the Washington Chronicle

The New York *Tribune* is devoting its energies to giving accounts of the proceedings of the late State Democratic Conventions assembled to elect delegates to the Baltimore Convention to be held on the 9th proximo and it is amusing to see how the unrepentant portion of the late rebel leaders and their copperhead coadjutors of the Northern States—men who have remained secluded from the public eye for the past eight or ten years because of their misdeeds—are crawling from their holes and coming to the front suddenly converted into Liberal Republicans In Indiana we find the "Knights of the Golden Circle"—the men who attempted to demoralize our armies while in the field—rallying to the same standard, while such Bourbons as Dodge, of Iowa Bion Bradbury, of Maine, Stewart, of Michigan, Reverdy Johnson, of Maryland and a host of others who might be named, whose political record was only a shameful surrender of all manhood, and who brought contumely and disgrace upon the Northern name, are all at once aroused to activity, and avowing themselves as admirers of the Sage of Chappaqua, and adherents to his principles

Why is this? Are these men changed? Are their conversions more sudden than that of Saul of Tarsus real and permanent, or are they merely assumed, for purposes they dare not avow in the face of the country? As shameful as is the delinquency of Horace Greeley, it is fully paralleled by that of the leaders of the Bourbon Democracy of the North and the conspicuous unconverted rebels of the South The departure from long-cherished principles in the one case is no greater than the other Why, then, this sudden change, which leads life long political opponents to forget the hates of the past and rush pell-mell into each others arms? Is not the motive apparent and fully expressed in the language of a Democratic member of Congress from New York, who, in explanation of his course, remarked, "We have been a long time out in the cold! We are very hungry!" Here is the key to this sudden coalition of rampant rebels copperheads and sorehead Republicans All their efforts heretofore to destroy the Republican party have failed, and have driven to the desperation which hunger for office produces, a last, final effort is to be made to overthrow the man whose leadership of our armies in the field put down rebellion and saved the nation.

Shall the coalition be successful? Shall the Bourbons be returned to power, and the work of the last ten years undone? This is a grave question The work of the Republican party has not yet been accomplished. The civil rights of all citizens have not yet been secured The spirit of caste and intolerance yet prevails among the Southern followers of Greeley as strongly and bitterly as it did at the close of the rebellion. Northern Republicans going South to settle are ostracized now as they were then. The attempts to intimidate the colored voters into [illegible] their ballots as their [illegible] would [illegible] will be continued and [illegible] If thousands of men do not lose their [illegible] and are not robbed of their earnings for voting according to their convictions, it will be on account of the [illegible] enacted over the protest of the whole Democratic party. Every friend of Greeley in Congress, whether called Liberal Republican or Democrat, resisted and voted against the passage of the supplemental Civil Rights bill, and the bill to secure an honest and fair election; and the former bill was defeated by the factious opposition of the Greeleyites. Shall the war debts of the Southern States, contracted in the effort to destroy the Union, and the property of rebels destroyed by our armies as a necessity of war, be paid by the General Government, and loyal men everywhere be taxed for the purpose? In a word, shall those who labored to annihilate republican institutions on this continent, and to perpetuate caste, be once more restored to power, and the sacrifices of the past eight years be forever ignored?

These are the issues of the hour. Demagogues may attempt to disguise the fact, but to this it must come, and the sooner the people realize the extent of the contest [illegible] the sooner will they awake to the danger which threatens them. When all the discontented and factious elements of a nation combine to obtain power, the patriotic and upright citizen may well feel alarmed.

Pungent Political Criticism.

Of the Democracy and Horace Greeley the New York *Evening Post* says:

Yielding nothing, compromising nothing, acknowledging nothing, promising nothing, they have captured a feeble old man, whose desire for office is almost an insanity, and who, to compass it, is ready to turn his back upon the record of his whole life; and on the supposition of his popularity with his own party they propose to capture Republican votes enough to put themselves into power. Whether they will succeed in carrying such a scheme as this to a successful termination, or whether, succeeding in it, they will cheat Greeley or Greeley cheat them, is another question But cunning as Greeley is and an unfathomable cunning is one of his strongest characteristics, as it is always of the class of men to which he belongs—we believe he will be no match for the men into whose hands he has delivered himself A share of the plunder no doubt, will be thrown to the hungry adventurers, men and women, whom he would carry to Washington, but a share of political power—not a bit of it

The Medina (Ohio) *Gazette* publishes the following unique advertisement

[illegible] GRANT HENRY WILSON

GRANT & WILSON,

TANNERS AND SHOEMAKERS,

Washington, D C

New Firm—Enlarged Business—Its Elements of Success are Honesty Energy, Experience and Popularity References The People of the United States

With great earnestness the New York *World* insists that Mr Greeley "ought not to appoint a single Republican as the head of any Executive Department" The Chicago *Post* says We go further, and assert positively that he will not There is as much probability that the old gentleman will "swear a prayer or two" as officiating minister of the Chappaqua Church, as that he will have anything to do with appointing heads of Departments next March"

Greeleyite organs delight to dwell upon the services the old philosopher has rendered to the Republican party in times past But, it has been forcibly queried, "what's the use of a cow that fills a bucket with milk and then kicks it over"

FRIDAY M RNING [illegible]

Greeley's Candidacy

The issue fort [illegible] made p [illegible] We have dire [illegible] the Democratic [illegible] have [illegible] act of the Baltimore Con [illegible] crats are absolved [illegible] organization and are [illegible] independent of party trammels Democrats of the United States are no more bound by party [illegible] usage to vote for Greeley than Democrats of Multnomah county in our recent election were bound to support the Dolly Varden county ticket here

Beyond question the managers of the Baltimore Convention thought there might be a chance to elect Greeley and though voting for him would be wormwood to two thirds of their party yet they trusted the party could be whipped in and then in case Greeley should be elected they would rely on controlling his Administration This is the programme Even the leaders admit that voting for Greeley is a very bitter pill he is the man of all men whom they would not have taken except on compulsion, but they hope somehow to manage and control his Administration in case they succeed in getting him in, and thus to obtain compensation for their present humiliation and abasement

But the masses of a party care little for the schemes of politicians and place seekers The reasons therefore for supporting Greeley which the party managers would consider quite sufficient would not be at all sufficient for the mass of the voters It is not within the compass of possibilities that the whole Democratic vote can be marshalled for Greeley Many will be found to prefer Grant For proof of this let us recall how many of his Democratic acquaintance he has already heard declare themselves to that effect

Nearly all the great business interests and enterprises of the country will be opposed to Greeley This opposition will take place of necessity, because it is felt that the stability and security of business interests of the country would be put in peril by his election. A hungry and unscrupulous political coalition would make plunder of everything, and visionary notions would at all times be uppermost in the conduct of the Government Any one who thinks that these considerations will not be powerful agencies in deciding the election will find himself much mistaken

It may be expected, of course that all the jobbing politicians connected with the Democratic party will support Greeley their aim being mainly personal reward but the backs of a political organization are never numerous enough to vote it into power

"Honest" Testimony

Again the *Herald* tells us that Greeley is an "honest [illegible]" Well, then this is what he said less than a year ago

> The Democratic party is rebel to the core to day It contains all the malcontent and dangerous elements of the country

And only last December he said

> So many millions paid off each month are to General Grant's administration what Union victories on hard-fought fields were to Mr Lincoln's The facts stated by the President, that the annual burden of the debt is now seventeen millions less than it was when he was inaugurated, is a perfect Waterloo to his supporters.

Here is the testimony of our neighbor's "honest" candidate. There is plenty more of the same sort, which we shall furnish as the campaign goes on

Andy Johnson was pursued by Horace Greeley with a zeal which knew no rest, and a warmth absolutely tropical, yet the great veto ist of his time, who escaped impeachment notwithstanding the efforts of Greeley seems bound to heap coals of fire on the bald pate of his old antagonist by supporting him for the Presidency. Not that he loves Greeley particularly well, but he hates Grant more, and he threatens to "swing around the circle" of Tennessee for the benefit of the nominee of the Baltimore Convention Andy admits that the nomination of Greeley is a "bitter pill;" but then he has swallowed bitter pills before

A recent dispatch from Indianapolis reiterates the assertion that Mr Voorhees has repeatedly stated that he will not advocate the election of Greeley, no matter what the Baltimore Convention did The Terre Haute *Daily Journal*, the leading Democratic paper in Mr. Voorhees district, announces that it will under no circumstances support Greeley for President The Seymour *Democrat* a leading Democratic paper in the Second District, also refuse to support Greeley and says there are twenty thousand Democrats in Indiana who will not vote for him

Frank Blair says that no party ever made such a "sacrifice" as the Democratic party has made in nominating Greeley We should think not. The "sacrifice is nothing less than hari kari And the *Oregon Herald* says it is a "sacrifice, [illegible] too Undoubtedly the *Herald's* party has sacrificed the last hope it had of carrying Oregon this fall That paper is turning its crank in vain for Greeley and Brown in Oregon Grant and Wilson will take the State by two thousand majority

On His Own Ground.—When Mr Greeley was in the habit of speaking his mind his utterances were of some public value He often succeeded in putting a vast deal of truth into a small compass and never had a better success in this way than when he said in his Trumbull county Ohio, speech last Fall

"If the Democratic Party were called upon to decide between Grant and myself I know that their regard for what they must call principle would induce nine tenths of them to vote against me Why I am a decided enemy of that party even in its most respectable aspects"

It is the opinion of Liberals and Democrats that their electoral ticket for this State must be remodelled The ticket now proposed is Henry (Hank for short) Jones sandwiched between Jasper William Johnson on one side and Oliver Perry Mason on the other

From present indications not one half the Democratic vote of Oregon will go for Greeley The dickering and trading politicians of the party in Portland will support him but among the Democratic voters in the country districts far another song is hea

The dispatches tell already of a bolt among the Democracy The [illegible] to meet at Louisville on the [illegible] September to nominate a ticket

The Skagit River Exploring Expedition reports that the Skagit valley contains at least 200 000 acres of land suitable for agricultural and grazing purposes some of which is of most excellent quality and nearly all would be first class soil The valley immediately above the [illegible] is perhaps twenty miles [illegible] and [illegible] like the country below

THE TERRITORIES

The stages carrying the mail between Walla Walla and the Dalles now run direct between the two points [illegible] to one side

An [illegible] is being made to raise money [illegible] from Walla Walla [illegible] The [illegible] and [illegible] is already [illegible]

[illegible] been [illegible] garden [illegible] one way and [illegible] the other

Mr [illegible] W [illegible] are now engaged [illegible] and [illegible] dred washers each weighing one and three [illegible] its [illegible] of these washers are [illegible] but [illegible] of them will be used [illegible]

The Olympia *Tribune* [illegible] But forty men [illegible] on account of the reduction of wages There was considerable dissatisfaction in consequence of the reduction and a great many quit work [illegible] but all except forty have gone to work again

The travel on the Sound last summer made money easy and plentiful The Captain of the *North Pacific* informs the [illegible] that there is not one half the travel this year as there was last and he is fearful it will fall off further in consequence of so much smallpox along the route

A writer in the *Home* says Rev Mr Spaulding has had good success in his labors as a Missionary among the Nez Perces In less than six years he has received into the Church 521 Indians who give as good evidence of being thoroughly converted as other folks The men all quit smoking

The Walla Walla *Statesman* of the 6th says "Mr Lindsay one of the party that is engaged in the location of the route of the Northern Pacific Railroad, informs us that when he left the company, a few days ago, they were within about twenty miles of the Big Lake sometimes called Colville Lake He says the company commenced locating the route at the mouth of Snake river and when he left had finished about fifty miles Mr L returned to the field on Wednesday last"

OREGON

The Democratic officers of Clatsop county refuse to give up to their Republican successors

The pilotage and towage of sail vessels across the mouth of the Columbia river since the first of January this year amounts to over $6,000, besides $3 000 salary, $25 for each time the tug's hawser is used, and other amounts received for work done off the pilot ground

Mr Greeley's Honest Opinions

Within a year every one of the following declarations were made by Horace Greeley They furnish good reading for the present time

Grant and his policy deserve the highest credit —*Horace Greeley*

General Grant has never been beaten and he never will be —*Horace Greeley*

The people of the United States know Gen Grant, have known all about him since Donelson and Vicksburg they do not know his slanderers, and they do not care to know them —*Horace Greeley*

While asserting the right of every Republican to his untrammeled choice of a candidate for next President until a nomination is made I venture to suggest that Gen Grant will be far better qualified for that momentous trust in 1872 than he was in 1868 —*Horace Greeley*

I hold our Government bound, by its duty of protecting our citizens in their fundamental rights, to pass and enforce laws for the extirpation of the execrable Ku Klux conspiracy, and if it has not the power to do it, then I say our government is no government but a sham I therefore on every proper occasion advocated and justified the Ku Klux act I hold it especially desirable for the South, and if it does not prove strong enough to affect its purpose I hope it will be made stronger and stronger,—*Horace Greeley*

A Democratic national triumph means a restoration to power of those who deserted their seats in Congress and their places under the last Democratic President to plunge the country into the Red Sea of secession and rebellion Though you paint an inch thick, to this complexion, you must come at last The brain, the heart the soul of the present Democratic party is the rebel element at the South with its Northern allies and sympathizers —*Horace Greeley*

Yes, Gen Grant has failed to gratify some eager aspirations, and has thereby incurred some intense hatreds These do not and will not fail, and his Administration will prove equally vital We shall hear lamentation after lamentation over his failures from those whose wish is father to the thought but the American people let them pass unheeded Their strong arm bore him triumphantly through the war and into the White House and they still uphold and sustain him they never failed and never will —*Horace Greeley*

The Colored Vote of Louisiana

J W Forney of the Philadelphia *Press* has lately been traveling extensively through the Southern States and writing some very readable letters to his home paper Under date of June 15 he writes from the lower Mississippi as follows

At Baton Rouge we landed a number of colored delegates to the Republican State Convention which assembles on the 19th inst A little incident occurred this morning After I had just arisen to take another and early view of the panorama of the Mississippi a colored man passed the door of my state room I asked him to bring me a pitcher of ice water He quietly replied "Your mistake is natural but I am not connected with the boat I am a delegate to the Republican State Convention, but I will gladly do your errand I made a prompt apology and then introduced myself upon which, with many expressions of kindness he left me and soon returned with the ice water and a number of his colleagues Here I had another evidence of the aptitude and good sense of the [illegible] mitted [illegible] We talked over the past [illegible] the less agreeable because two of them knew of Philadelphia and one of them had just come on from the National Convention and we talked over the present and if I had had any doubts of the success of the Republican [illegible] the [illegible] and candid explanations of these men Why sir, said one of them al though there are few colored people in New Orleans that may [illegible] bad advisers there is not one [illegible] who will not vote for Grant and Wilson In every house owned or rented or occupied by a colored [illegible] you will find three likenesses Abraham Lincoln Ulysses S Grant and [illegible] Dunn the late deceased Lieutenant Governor of the State If the whole Democratic party and all the men with Governor Warmoth go together and rally their forces we can still give from fifteen to twenty thousand majority for Grant And this after a careful survey of the field is my own opinion The truth is the presence of the National Government is felt in its unrivalled currency in its postoffice facilities in its management of commerce navigation and manufactures and in the protection of travel and these supplemented by the recent enforcement act, operate upon every class—upon the laborer and the freedman and upon the capitalist even upon those who would like to vote for Greeley if they did not dread a change Now a re [illegible] these things [illegible] quently seen and so constantly experienced as in the Gulf States

If the Savannah *News* correctly represents the sentiment of the Georgia Democracy Greeleyism is too bitter a pill to take in that region The *News* predicted that if the Baltimore Convention nominated Greeley Georgia will go for Grant by 20 000 majority and it commends the Democrats who say they will run away from the polls rather than stultify themselves by voting for Greeley

The *Nation* of last week says [illegible] takes well among the New England Democracy and states that can no more give him an electoral vote than they can give him the moon will be loud for him [illegible] at Baltimore

Tootootum Jack Killed

From the Oregonian [illegible]

Through the kindness of [illegible] Superintendent of Indian Affairs [illegible] the full particulars of [illegible] that happened at Newport [illegible] July [illegible] Quite a number [illegible] the [illegible] [illegible] who [illegible] the whole [illegible] Jack and Captain [illegible] country [illegible] Jack associat[illegible] to [illegible] one half of his white [illegible] general row was the result Boyle and [illegible] Jack [illegible] then raised [illegible] Boyle firing first the ball hitting Jack just above the eye [illegible] death Boyle was immediately arrested [illegible] Friends went his bail [illegible] he was released Gen Palmer [illegible] at Newport at the time took the body of the dead Indian to the Reservation and the next day caused it to be buried

News of the death of Jack [illegible] the Agency soon after its occurrence and conflicting reports were rife as to the justification of Boyle for the act At one time serious trouble was apprehended and an open outbreak imminent The employes on the Agency congregated at the main building and stationed guards in anticipation of trouble General Palmer was anxiously looked for and on his arrival comparative safety was felt but trouble kept brewing until full particulars of the affair were circulated which served to cool down the excitement to a great extent

Tootootum Jack was one of their most prominent chiefs and although resolute and reckless at times exerted a good influence over the members of his tribe Palmer had hopes of exerting great good through his influence as he seemed to fully realize the difference between civilized and savage life

The stories of whites and Indians as to the particulars of the affray do not altogether agree The whites claim that Jack drew his weapon before Boyle fired while the Indians who were present aver that Boyle had his pistol pointed at Jack's head before he had time to draw a revolver Gen Palmer writes that he anticipates no serious outbreak since Boyle has been arrested and will be held accountable for the commission of the deed But he closes his letter to Mr Odeneal by saying "parties visiting the Reservation must do so at their own risk This would lead one to infer that he did not consider the affair altogether amicably settled after all Mr Odeneal will attend to the matter at once

The New Bedford Mass *Mercury* shrewdly suspects that Mr Sumner will find his recent philippic "the most egregious blunder of his life Not a single Republican paper in Massachusetts we believe, has said a word in extenuation of the blunder, which is everywhere considered in the language of Talleyrand "worse than a crime

FRIDAY MORNING JULY

CITY.

PROVIDED FOR —We have to [illegible] season of the following [illegible] new case of small pox [illegible] who resides beyond the [illegible] road [illegible] among the straw He perceived that [illegible] something was wrong and on [illegible] inspection became convinced he had the small pox [illegible] Samaritan [illegible] compelled him to [illegible] his painful journey The small pox [illegible] went to another man s [illegible] not far away and entered the kitchen where the family were seated at the morning meal with out much ceremony He was not allowed to remain or even enter the house but was told that he could go to the barn and rest in the shade until the authorities of the city were apprised of his condition The patient did as directed and the man came to the city He soon met the Chief of Police who he informed of the circumstances Lappeus replied that as the case was not within the city limits he as an officer, could do nothing As the only recourse under the condition of affairs application was made to the County Commissioners who we are informed had the man removed at once to the hospital, where such patients can be provided for without danger of contagion It is said the man came from some portion of Washington county

SEWERS —For the last few days the Street Commissioner has encountered much trouble and vexation among the Chinese proprietors of wash houses in regard to throwing soap suds etc in the surface drains which are miscalled sewers The "Johns" have invariably protested that as the surface drains were placed along the streets to serve as a conduit for water, etc, it was eminently proper to use them for that purpose To throw waste water in these poorly arranged channels is but little better than casting it in back yards or along the street surface The ground taken by the Chinese is certainly one of expediency even if it is found to be untenable [illegible] remedy presents itself for this unfortunate condition of affairs but in the entire removal of the present condemned and inefficient surface drains and the substitution of a deeper and more systematic plan of city sewerage This m[illegible] ultimately be done and is only a question of time We are gratified to note that the first strokes in the right direction have at last been commenced under the superintendence of the Street Commissioner A deep ditch is being dug along Washington street, extending from Second to the corner of First, where a connection is effected with the sewer. This will convey the water and filth [illegible] from the several Chinese wash houses along that street. Let the example be imitated

MARRIAGES —We would not venture the assertion that the fact is attributable alone to the warm weather, but certain it is that as the season has advanced and the temperature increased the ratio of marriages has also kept pace. Since May the record stands In May only six licenses were [illegible] from the County Clerk s office in June, thirteen were issued, and since the first of the present month, there has been a matrimonial applicant at the office every day—eleven so far At that rate we shall have thirty one marriages this month Old bachelors and spinsters of "phair and phorty," as well as lads and lasses are fast arriving at the scientific conclusion that two can travel together as cheap as one and that there is not more pleasure in single blessedness than "double cussedness

CONCERT —The regular Missionary Concert will be given at the M E Church in East Portland, on Sunday next, commencing at 2 o clock P M The following is the programme Singing by the Church Choir Prayer Music—"Strike, Strike for Victory," by the School Opening Address, Music—Quartette—'Let Me Go," Declamation Music—Solo—'The Beggar Girl,' Declamations Music—Quartette—'Sweet Rest in Heaven,' Declamations Music—Solo—"In Her Little Bed we Laid Her' Declamations Music—Quartette—"Only Waiting Bass Solo—"Rocked in the Cradle of the Deep' Singing by the School Declamations Music—Solo—'Free as a Bird," Singing by the School The public are cordially invited to attend

FEMALE VAGRANTS —For some time a couple of half breed courtezans have been wandering about the city at all hours of the night, smoking cigars, drinking, plying their shameless vocation and demeaning themselves in a general disorderly manner. Yesterday, the Chief of Police concluded that the decency and good morals of the community had suffered long enough by the shameless and wanton conduct of these base creatures, and so he took them into custody for vagrancy and lodged these dusky maidens in the city jail This morning they will have the honor of cultivating an acquaintance with Judge Denny Rightly served

NICOLSON PAVEMENT —We understand that the owners of property on each side of Stark street, between Front and Second are figuring on the cost of putting down Nicolson pavement along that portion of the street This matter will soon be determined so that it is a pretty well established fact that pavement of this character will be laid during the present season If this is done, a sewer will be laid for that distance connecting with the cellars on each side of the street and of sufficient depth to "tap" them By his [illegible] the cellars will never be filled with water except during the few weeks when the river is at its highest stage

STILL GOING ON — Notwithstanding the report was generally circulated some time ago that the famous Caruthers land case had been settled we find that the matter is still before the Court in the case of the South Portland Real Estate Association plaintiffs vs D B Hannah et al defendants This case, involving all the questions in the original suit or nearly so came up for trial before Judge Upton in the Circuit Court yesterday A jury was empanelled and the case opened by Hons J H Mitchell of counsel for plaintiff and ex Governor Gibbs for defendant Hannah after which the Court adjourned until this morning when, we learn plaintiff will proceed to introduce testimony The case will likely be the longest on trial of any cause ever brought before any Court in this State Especially will this be so if the mass of testimony taken in the Wrestling Joe case is to be introduced We shall probably not publish the testimony in full as it would, probably fill about forty numbers of our paper

AMUSEMENTS

THE CONCERT —In another column will be found the programme in full of the grand complimentary concert tendered to Prof D W Nesfield by the citizens of Portland this evening at Masonic Hall The programme has been selected with good taste and judgment judging from the character of the selections A number of fine vocal and instrumental selections will be rendered during the entertainment All who attend can rest assured that nothing but the best in the character of pieces, or manner of execution on the part of the individual performers will be offered. Among the names of those who have volunteered for the occasion can be enumerated Mrs De Prans Mr J B Wyatt (Director) F C Schuyler Miss Cardinel Mr S Harris Miss Jenny Rosenheim Dr J H Hatch a ongingsation of the Turners Carl Bosco in clever and masterly tricks at slight of hand and last but not least, the Great Vivian in his specialties By special request Miss Cardinell will read the 'Wonderful One Horse Shay, by O W Holmes and Prof Nesfield will render one of his most choice vocal selections We venture the remark that a larger more intelligent and fashionable audience is not often seen in this city than will be present to night Public patronage could not certainly be accorded to a more worthy or deserving object than Prof Nesfeld

ORO FINO THEATER —A moderately fair audience was in attendance at Oro Fino Theater last evening on the occasion of the joint benefit tendered Messrs Clinton and Lawlor The performance which was a good variety bill was slashed to pieces in consequence of one of the volunteer actors refusing to play at all because his name did not occupy a certain portion of the bill and because it was not printed in large enough letters to suit his taste The audience was much disappointed at the manner in which the entertainment went off and justly so too With the exception of Vivian in his songs and character sketches but little interest or applause was manifested by the audience Although the performance was very indifferently managed no fault can be attached to the recipients

Inconvenient Etiquette.

The New York *Evening Mail* tells the following good story:

"A professor in one of our Western colleges whose bodily presence was weak, but who, having a tall spirit, was determined to have no inch of the respect due to his office or himself disapproving also of the lax conventionality of the frontier, requested the students whenever they should meet him, Dr H., their friend and their professor, to take off their hats. This enactment did not suit the Western temper, and stirred slightly the Western pulse. No remonstrance, however, was offered, and the Doctor, who had been visited by misgivings as to the result, breathed freely, felt that the rough point was rounded, and felicitated himself upon his firmness.

Returning one evening from a supper in an unusual genial mood, Dr. H. ascended the long flight of stone steps leading to his room. When about half way up he descried Mr. G. of St. Paul coming down, both arms clasped around a bundle of kindling wood. As he drew near the doctor uttered his bland "good evening" (the rising English inflection managed to a nicety), touching his hat as he spoke. The Minnesotian returned the salute *de rigeur*, unloosening as he did so the fatal faggots with a fall like thunder. Hop, skip and jump could not save the unfortunate doctor, when, sent surely by his evil genius, at this moment who should appear upon the scene but Captain K., the one-armed hero from Wisconsin, striding rapidly down with his Saturday night's pail of hot water.

Because his friend was in grief should he pass him by? Beholding his chief, for the moment stripped of office, capering upon the stairs, should he refuse to salute him? He, to whom 'regulation' was both law and instinct? Never! and his faithful left sought his hat—away went the pail, with a bump, thump, splash and dash!

'Confound you both,' roared the unfortunate recipient of college honors, rubbing and wrigling by turns!

Hot water is known to be emollient! It may have expedited the Doctor's recovery. Certain it is that after a few frequent puffs of camphor and opodeldoc from his quiet room, and 'like horns from Elf land faintly blowing,' the echo of much din and ghostly laughter from distant halls and corridors, the Professor again stood before his glass. There was something in his whole air and deportment as new to him as to them—something suggesting not exactly defeat, but rather deprecation—non-resistance, or, as then and there described, 'Unstarched, by Jove! limp as any rag!'"

Educating Girls.—Educating girls for household duties ought to be considered as necessary as instruction in reading, writing and arithmetic, and quite as universal. We are in our houses more than half of our existence, and it is the household surroundings which effect most largely the happiness or misery of domestic life. If the wife knows how to "keep house," if she has learned how to "set a table," if she has learned how things ought to be cooked, how beds should be made, how carpets should be swept, how furniture should be dusted, how clothes should be repaired, and knows how purchases can be made to the best advantage, and understands the laying in of provisions, how to make them go farthest and last longest; if she appreciates the importance of system, order, tidiness and the quiet management of children and servants, then she knows how to make a little heaven at home—how to win her children from the street; how to keep her husband from the club-house, the gaming table and the wine-cup. Such a family will be trained to social respectability, to business success and to efficiency and usefulness in whatever position may be alloted to them.

It may be safe to say that not one girl in ten in our large town and cities enters into married life who has learned to bake a loaf of bread, to purchase a roast, to dust a painting, to sweep a carpet or to cut, fit and make her own dress. How much the perfect knowledge of these things bears upon the thrift, comfort and health of families, may be conjectured, but not calculated by figures. It would be an immeasurable advantage to make a beginning by attaching a kitchen to every girl's school in the nation, and have lessons given daily in the preparation of all ordinary articles of food and drink for the table; and how to purchase them in the market to the best advantage, with the result of a large saving of money, an increase of comfort and higher health in every family in the land.—*Hall's Journal.*

A Boston man, who had a quarrel with his wife, in which she claimed consequential damages, (because he had flirted with the chambermaid) has ratified a supplementary treaty, by the terms of which he agrees to rock the baby while she attends the Jubilee concerts.

FINANCE AND COMMERCE.

Thursday Evening, July 11, 1872.

Gold in New York to-day, 113⅞.

Portland Legal Tender rates, 87½c buying; 88⅛ selling.

Business during the week has been fair. The opening of the railroad to Umpqua Valley brings a very considerable trade to this city which it never had before. Stocks of Goods in this market are very full in most lines, and our merchants are determined to keep the growing wants of the trade fully supplied.

Advices from the country state that the recent rains did the growing Vegetables great good. It is little less than shameful that Oregon has not produced, during the last few years, enough of the common sorts of Vegetables for her own consumption. It is believed that the supply will be more abundant this fall. We should cease to wonder where our money goes when we reflect that even our supplies of Potatoes, Onions, and the smaller vegetables, have been brought from San Francisco.

The annual assessment of Multnomah county is progressing rapidly and satisfactorily, and the aggregate will show a large increase over the property of last year.

Domestic Produce.

WHEAT—In the absence of transactions, and a drooping market, both in Liverpool and San Francisco, it is hardly possible to give quotations. A decline in prices, below last quotations, is inevitable. The San Francisco market will not bear more than $1 55 per cental, and it is believed will go still lower. High rates of freight to foreign markets add to the downward tendency. Our crop will be large and many fields will be cut next week. We should not be justified in quoting higher than $1 40 to $1 50 per cental.

FLOUR—Market weak, but no special changes to note in quotations. Tendency however, is in buyers' favor. Standard brands, $5 75 per bbl.; choice country, $5 25 @ $5 50; outside and superfine, $4 50@5.

OATS—There have been few transactions, and those very small. New Oats will not be in the market for two or three weeks yet. Old quotable here at $2@2 10 per cental, or 70 to 75c per bushel.

HAY—Crop this year will be light. A few lots of new are coming forward. Good timothy, baled, is worth $20 to $25 per ton.

FEED—In Bran, Shorts and Middlings we have no changes to note since our last.

LIVE STOCK—Good beef cattle quotable at 6@7½c ⅌ lb. Sheep, $2@3 50 per head. Hogs, on foot, 8c ⅌ lb.

BUTTER—Good Butter is still wanted at 30@35c ⅌ lb. Common to choice is in larger supply, at 16 to 25c.

EGGS—Receipts are becoming less free. All offered are taken at 30c per dozen.

POTATOES—Oregon Potatoes, new, are now in fair supply and jobbing at 2½ to 3c ⅌ lb.

BACON—Eastern still holds the market. Sides, [illegible] 14c, Hams, 16@18c, Shoulders, 10a11c ⅌ lb.

ONIONS—New, from California, are selling at about 4½c ⅌ lb.

HIDES—Good Dry, 18@20c; Green, 8@9c ⅌ lb.

POULTRY—Spring Chickens are coming in and sell at $3 to $4 per dozen. Hens and Roosters are quotable at $5 @5 50 per dozen.

WOOL—Market still has a declining tendency. Large sums have been lost on Wool purchased some months ago for delivery. Inferior grades are not wanted at all. We may quote the market at 30 to 37½c per lb.

Real Estate Transactions.

NATIONAL REPUBLICAN TICKET.

For President:
ULYSSES S. GRANT,
Of Illinois.

For Vice President:
HENRY WILSON,
Of Massachusetts.

For Presidential Electors,
W. D. HARE, of Washington.
J. F. GAZLEY, of Douglas.
A. B. MEACHAM, of Umatilla.

Election, Tuesday, Nov. 5, 1872.

NATIONAL REPUBLICAN PLATFORM.

ADOPTED BY THE REPUBLICAN NATIONAL CONVENTION AT PHILADELPHIA, JUNE 6, 1872.

The Republican Party of the United States assembled in National Convention in the City of Philadelphia on the 5th and 6th days of June, 1872, again declares its faith, appeals to its history, and announces its position upon the questions before the country.

1. During the eleven years of its supremacy it has accepted with grand courage the solemn duties of the time. It has suppressed a gigantic rebellion, emancipated four millions of slaves, decreed the equal citizenship of all, and established universal suffrage. Exhibiting unparalleled magnanimity, it criminally punished no man for political offenses, and has warmly welcomed all who proved their loyalty by obeying the laws and dealing justly with their neighbors. It initiated a new policy toward the Indians; the Pacific Railroad and similar vast enterprises have been generously aided and successfully conducted to completion, the public lands have been freely given to actual settlers, immigration has been protected and encouraged, and a full acknowledgment of the rights of naturalized citizens secured from European powers. In the form of National currency, it has provided for the National credit, and sustained it under the most extraordinary burdens. It has negotiated new bonds at lower rates of interest. The revenues have been carefully collected and honestly applied. Despite the annual large reductions from the rate of taxation, the public debt has been reduced during Gen. Grant's Presidency at the rate of $100,000,000 per year. A great financial crisis has been averted, and peace and plenty prevail throughout the land. Menacing foreign difficulties have been peacefully and honorably compromised, and the honor and power of the Nation kept in a high position throughout the world. This glorious record of the past is the party's best pledge for the future, and we believe that the people will not entrust the government to any party or combination of men, composed of those who chiefly have resisted every step in this beneficial progress.

2. Complete liberty and exact equality in the enjoyment of all civil, political and public rights should be established and effectually maintained throughout the Union by efficient and appropriate State and Federal legislation. Neither law nor its administration should admit of any discrimination in respect to citizens by reason of race, creed, color, or previous condition of servitude.

3. The recent amendments to the National Constitution should be cordially sustained because they are right, not merely tolerated because they are law, and should be carried out according to their spirit by appropriate legislation, the enforcement of which can be safely trusted only to the party that secured the amendments.

4. The National Government seeks to maintain an honorable peace with all nations, protecting its citizens everywhere, and sympathizing with all peoples who strive for greater liberty.

5. Any system of civil service under which the subordinate positions of the Government are considered rewards for mere party zeal, is fatally demoralizing, and we therefore favor a reform of the system, by a law which shall abolish the evils of patronage and make honesty, efficiency and fidelity the essential qualifications for public position, without practically creating a lifetenure of office.

6. We are opposed to further grants of public lands to corporations and monopolists, and demand that the National domain be set apart for free settlement by the people.

7. The annual revenue, after paying current debts, should furnish a moderate balance for the reduction of the principal of the public debt, and except so much as may be derived from a tax on tobacco and liquors, be raised by duties on importations, which should be adjusted to aid in securing remunerative wages to laborers, and to promote the industries and growth and prosperity of the whole country.

8. We hold in undying honor the soldiers and sailors whose valor saved the Union. Their pensions are a sacred debt of the nation, and the widows and orphans of those who died for the country are entitled to the care of a generous and grateful people. We favor such additional legislation as will extend the bounty of the Government to all our soldiers and sailors who were honorably discharged, and who in the time of duty became disabled, without regard to length of service or the cause of such discharge.

9. The doctrine of Great Britain and other European powers concerning allegiance, once a subject always a subject, having at last, through the efforts of the Republican party, been abandoned, and the American idea of the right of an individual to transfer his allegiance having been accepted by European nations, it is the duty of our Government to guard with jealous care the rights of adopted citizens against the assumption of unauthorized claims by their former Government, and we urge a continued and careful encouragement and protection to voluntary emigration.

10. The franking privilege ought to be abolished and a way proposed for reductions in the rates of postage.

11. Among the questions which press for attention is that which concerns the relations of capital and labor, and the Republican party recognize the duty of shaping legislation so as to secure a full protection and ample field for capital, and for labor which creates capital, the largest opportunities add a just share of the mutual profits of these two great servants of civilization.

12. We hold that Congress and the President have only fulfilled an important duty in their measures for the suppression of violent and treasonable organizations in certain lately rebellious regions and for the protection of the ballot, and therefore they are entitled to the thanks of the Nation.

13. We denounce the repudiation of public debts, in any form or disguise, as a national crime. We witness with pride the reduction of the principal of that debt, and of the rates of interest upon the balance, and confidently expect that our excellent national currency will be perfected by a speedy resumption to specie payment.

14. The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom, their application for admission to further usefulness is received with satisfaction, and the honest demands of any class of citizens for additional rights should be treated with respectful consideration.

15. We heartily approve of the action of Congress in granting amnesty to those engaged in the rebellion, and rejoice in the growth of peace and fraternal feeling throughout the land.

16. The Republican party propose to respect all rights reserved by the people to themselves, as carefully as the powers delegated by them to the State and Territorial governments. It disapproves of resorting to unconstitutional laws for the purpose of removing evils by the interference with rights not surrendered by the people to either the State or National Government.

17. It is the duty of the General Government to adopt such measures as will tend to encourage American commerce and ship-building.

18. We believe that the modest patriotism, the earnest purpose, sound judgment, practical wisdom, incorruptible integrity and illustrious services of U. S. Grant have commended him to the heart of the American people, and with him at our head we start to-day on a new march to victory.

GIRARD'S SECRET.—Stephen Girard used to say in his old age: "I have always considered advertising liberally and long to be the great medium of success in business, and the prelude to wealth. And I have made it an invariable rule to advertise in dull times as well as the busiest, long experience having taught me that money thus spent is well laid out, as by continually keeping my business before the public it has secured many sales that I otherwise would have lost."

CITY ADVERTISEMENTS.

Ordinance No. 1182.

AN ORDINANCE AUTHORIZING H. R. LEONARD, his associates and assigns, to construct a bridge across the Willamette river, with diverging roadways and footways.

Whereas, The Congress of the United States by an Act entitled "An Act giving the consent of the United States to the erection of a bridge across the Willamette river, in Oregon, from the city of Portland to the east bank of said river," approved February 2, 1870, [illegible]

Now, therefore, the city of Portland does ordain as follows:

Section 1. That in order to provide for the erection of a bridge across the Willamette river within the time and in accordance with the provisions of an Act of Congress entitled "An Act giving the consent of the United States to the erection of a bridge across the Willamette river, in Oregon, from the city of Portland to the east bank of said river," approved February 2, 1870, the consent of the city of Portland is hereby given to H. R. Leonard, his associates and assigns, to build and erect their railroad bridge, with diverging roadways and footways and double draws, over and across the Willamette river, between the city of Portland and the east bank of said river, upon the terms and conditions in this Ordinance set forth and provided.

Section 2. Said H. R. Leonard and his associates and assigns shall, within one month from the date of this Ordinance, present to the Common Council a detailed map of the river at the proposed site of the bridge and for the distance of one mile above and below the site, exhibiting the depths and currents at all points of the same, and the Common Council, if satisfied that the proposed location is such that said bridge, when built, will not obstruct, impair or injuriously modify the navigation of the river, or obstruct any street or streets in the city of Portland, nor render necessary any change of the established grade of any street or streets, to the injury thereof, shall certify the same to the Secretary of War for his approval or rejection.

Section 3. At or before the time of presenting a map of the proposed site of the bridge as provided in Section two of this Ordinance, the said H. R. Leonard and his associates and assigns shall also furnish to the Common Council a detailed plan of said proposed bridge, which said plan shall be for a bridge with double roadways and carriageways, double draws, and of sufficient width to fully accommodate the public travel, and also to provide, by an upper deck or superstructure, or in some other manner, for a railway track of sufficient width to allow of the passage of trains running upon what is known as the broad gauge. That portion of the bridge to be used for the railway track shall be so arranged as not to interfere in any manner with the carriage or footways. Said plan shall show the height, width, length of span, dimensions of piers, width of draws, the estimate weight that may be placed with safety upon that portion of the bridge intended for a railway, and upon any portion of said bridge, together with such other information as may be necessary to determine the strength and capacity of said bridge, its adaptability to the wants of the traveling public, and whether the said bridge will obstruct, impair or injuriously modify the navigation of the river, and said plan and specifications, if satisfactory to the Common Council, shall be by them approved and certified to the Secretary of War for his approval or rejection, as provided in the Act of Congress.

Section 4. Within ten days after receiving notice from the Secretary of War of his approval of the plan and location of said bridge, the said H. R. Leonard and his associates and assigns shall proceed to the construction of said bridge, conforming strictly to the approved plan and location, and not otherwise, and shall complete the same within one year from the date of said approval, provided that if the building of any part of that portion of the bridge intended for a railway track can be postponed until such time as the same may be needed for use, without materially affecting the strength or capacity of the bridge for other travel, the said H. R. Leonard and his associates and assigns are authorized to omit the building of that portion, subject to the approval of the Secretary of War.

Section 5. In case the construction of any part of that portion of the bridge intended for railroad purposes is postponed as provided in Section four (4) of this Ordinance, the necessary work for the completion thereof shall be commenced as soon as practicable after receiving notice from any railroad company needing and wishing to use the same, or from the Common Council, and the work shall be completed in accordance with the original plan, without unnecessary delay.

Section 6. Upon producing satisfactory evidence to the Common Council that the roadways and footways of said bridge are completed in conformity with the original plan, and are in all respects safe and ready for travel, the said H. R. Leonard, his associates and assigns, shall open the same and keep said roadway and footway open at all times, except when absolutely necessary to close the same or any portion thereof for repairs, and the said H. R. Leonard and his associates and assigns shall keep said bridge and every portion thereof in good condition and safe for public travel while the same may stand.

Section 7. So far as the Common Council has the right to fix the same, the said H. R. Leonard and his associates and assigns are authorized to charge and collect tolls for crossing said bridge at not to exceed the following rates:

For each head of sheep or hogs, five cents (5).
For each head of loose cattle, horses or mules, [illegible].
For each vehicle [illegible] drawn by one animal, [illegible].
For each dray or truck, loaded or unloaded, drawn by one animal, twenty-five (25) cents.
For each vehicle other than a dray or truck, loaded or unloaded, including driver, drawn by two animals, twenty-five cents.
For each dray or truck drawn by two animals, loaded or unloaded, including driver, thirty-five (35) cents.
For each additional animal, ten (10) cents.
For each additional person, three (3) cents.
For each horse, mule and driver, fifteen (15) cents.
For each footman, three (3) cents.
For each one hundred pounds of freight on pack animals, five (5) cents.

Six persons besides the driver in a vehicle carrying passengers shall be deemed a load.
For each additional passenger, three (3) cents.

Provided, that nothing contained in this section shall be construed to apply to that portion of the bridge intended for railway purposes, and provided, further, that after the expiration of seven (7) years from time of opening said bridge for travel, the rates of toll above named may be increased or modified at the [illegible] provided.

Section 8. After the expiration of seven (7) years from the time of completion and opening of said bridge, as hereinbefore provided, the said H. R. Leonard and his associates and assigns shall present to the Common Council a statement, verified by the affidavit [illegible]

and all the rights and privileges accruing to said H. R. Leonard and his associates and assigns thereunder [illegible]

The Doctor has spared neither time nor money in making out new remedies, and has returned with [illegible] facilities for the alleviation of human suffering.

Horrible Diseases.
How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system! Look at their pallid, [illegible] and disfigured faces and their broken-down [illegible], disqualifying them for the happiness of [illegible] or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let [illegible] guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the [illegible] of their friends, to be careful of the many [illegible] doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.
Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combated by scientific [illegible] measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, a[illegible] about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and [illegible] mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove [illegible] whom that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.
Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.
DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.
Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions [illegible] by inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.
All communications strictly confidential.

Caution to the Unfortunate.
Beware of the San Francisco quacks and pretenders who with bogus sworn to certificates, dupe the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became doctors too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiry; it will cost you nothing, and may save you many regrets: for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them, until you know who and what they are. Dr. [illegible] by exhibiting bogus [illegible] letters, etc. Dr. [illegible] persons who may call at his office of [illegible] he proposes to cure.
Address DR. J. F. GIBBON, 623 Kearney street, cor. Commercial, San Francisco. Post office Box 1,957.
REMEMBER TO PUT BOX 1,957 ON THE LETTER.
